BALTIMORE CITY

❖ DIRECTORY ❖

FOR 1887,

CONTAINING

A NEW MAP OF THE CITY,

A CAREFULLY CLASSIFIED

BUSINESS DIRECTORY,

NEW AND COMPLETE

STREET DIRECTORY,

GIVING BOTH THE OLD AND NEW NUMBERS,

AND AN APPENDIX OF MUCH USEFUL INFORMATION.

"TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT."

Compiled and Arranged by B. R. SHERIFF, Manager,
OFFICE, NEW No. 112 N. CHARLES STREET.

PRINTED BY NICHOLS, KILLAM & MAFFITT,
118 EAST BALTIMORE STREET.

Entered according to Act of Congress, in the year one thousand eight hundred and eighty-seven, by
R. L. POLK & Co., in the office of the Librarian of Congress at Washington.

Street Directory--Old Numbers.

See also Street Directory, Page 45, giving Old and New Numbers.

As the houses of the city were renumbered last year, nearly all of the former numbers being changed, and in many instances the old numbers are still in use; for the convenience of our patrons and the public in general, we issue with the present publication two Street Directories. The following one is for the purpose of enabling parties looking for an old number to locate it, and by referring to the New Street Directory following after this; if the house they are looking for had an old number they will be enabled to tell what new number takes its place.

An Alphabetical Arrangement of Streets, Avenues, Alleys, Wharves, Docks and Public Buildings.

ABBREVIATIONS.—Al—Alley, Av—Avenue, Bldg—Building, Ct—Court, E—East, La—Lane, N—North, Pl—Place, S—South, Sp—Space, Sq—Square, W—West, Whf—Wharf.

Street Directory

AND

INDEX OF STREET NUMBERS.

FROM NEW TO OLD, OR OLD TO NEW,

NEW NUMBER FIRST; OLD NUMBER WITH AN * IN FRONT OF THEM FOLLOW.

The Streets of the City were officially renumbered last September, October, November and December, and the following is an Index from the Old Numbers to the New, and also from the New to the Old, of all buildings located on the different Streets, Lanes, Alleys, Courts, Wharves, &c., in the city as they appear upon the slips returned by the Contractor for renumbering.

The New Numbers are in all cases given first, and the Old Numbers prefixed by an asterisk (*) follow. When two numbers without the asterisk follow one after the other, the two have been given to the building in place of the former number, or the building had no old numbers. This occurs where there are several entrances to a building, all of which formerly went by one number, but which now have a number given to each entrance, and notably in cases of side stairways or entrances to buildings, which formerly were not numbered, but now in many instances have a number.

In all cases where there are vacant spaces or lots between buildings or streets the regular numbers have been officially assigned them. All New and Old Numbers will be found in this Index, but as there were many houses that formerly were not numbered, the New Numbers placed upon them are mentioned only.
